

# Container<sup>30</sup>

Big mobile LED screen

## Black box full of options

- Generator on-board
- Full equipped control-room
- Wind load warning system

## Liftable by a Mobile Crane

The *Container<sup>30</sup>* has a unique feature: It can be lifted by a mobile (tower) crane. This makes it possible to put this screen everywhere. Even on a high platform, like on the roof of a Formule 1 building.

## Smallest Footprint

Ideal for places where you don't want a big truss construction to ruin your line of sight.

The *Container<sup>30</sup>* can be used in several modes:  
Container only: 30 m<sup>2</sup> 16/9 with a 7,82 x 3,4 m  
Truck + screen: 10m x

## TUV-approved

The *Container<sup>30</sup>* was built according to the strictest guidelines for safety. It can resist wind loads till 8 Beaufort.

The *Container<sup>30</sup>* is one of the bigger outdoor LED displays in our mobile fleet. Besides the 30 square meter screen, it is also equipped with a 80kVA Generator. This screen is perfectly suited for events where a fast buildup time is required.
