

JUMBO⁶⁰

Big mobile LED screen with stage

World's Highest

Ideal for places where you have big objects in the line of sight. The height to the base of the screen is 6,55m.

Mobile Stage

The *JUMBO⁶⁰* has a unique feature: A 70 square meter large stage is hidden in the trailer. The setup time for the stage is only 15 minutes.

Side panels for Branding

The *JUMBO⁶⁰* can be used in several modes:
Screen only: 60 m² 16/9 + 10 m² branding surface
Split-screen: A 70 square meter screen outside for public viewing and a 30 square meter screen inside the trailer for publicity. The screen can also be installed without the stage.

TUV-approved

The *JUMBO⁶⁰* was built according to the strictest guidelines for safety. It can resist wind loads till 8 Beaufort. The stage has a load limit of 5kN per square meter.

The *JUMBO⁶⁰* is the highest outdoor LED display in the world. Besides the unique format, it is also equipped with a huge stage. This screen is perfectly suited for events where a fast buildup time is required.

eg: Sports, Elections, Horseraces
