

Mobile¹²

A cost-effective mobile LED screen

12 sqm 16/9 Mobile LED Screen

Ideal for advertising or smaller festivities.

6mm pixel pitch: a new standard

With a resolution of 672 x 384 pixels, this screen will look razor-sharp.

Closed Trailer Design

Due to the closed design, there is a small control room. In this room there is enough place for a laptop or other personal equipment. Your belongings remain safe, due to the lock mechanism

Ready to Operate in 15 minutes

This screen is perfectly suited for events where a fast buildup time is required. Due to the 250 L tank capacity, the screen can work for 7 days, 24hrs a day.

TUV-approved

The Mobile¹² was built according to the strictest guidelines for safety. It can resist wind loads till 8 Beaufort.

The Mobile¹² is the upgraded version of the very first mobile, known as the Barco B10. This screen has a proven reliability.
