

# Mobile<sup>15</sup>

Compact mobile LED screen

## 15 sqm Mobile LED Screen

5,12 m x 2,88 m, perfect 16:9 ratio

### Closed Trailer Design

Due to the closed design, there is a small control room. In this room there is enough place for a laptop or other personal equipment. Your belongings remain safe, due to the lock mechanism

### High Contrast / Razorsharp

In 2015 our screens will be equipped with the latest multicolor chips. Therefore the image quality will be stunning and never seen before.

### TUV-approved

The *Mobile<sup>15</sup>* was built according to the strictest guidelines for safety. It can resist wind loads till 8 Beaufort.

The *Mobile<sup>15</sup>* is an outdoor LED display mounted in a closed trailer. There is a small control room which is convenient for medium events.
