

# JUMBO<sup>100</sup>

World's biggest mobile LED screen

## World's biggest

YES, it's true... This is the one and only worldwide. 100.27 square meter - 12 meters top of screen.

## Mobile Stage

The *JUMBO<sup>100</sup>* has a unique feature: A 70 square meter large stage is hidden in the trailer. The setup time for the stage is only 15 minutes.

## Several Screen Options

The *JUMBO<sup>100</sup>* can be used in several modes:

**Full-size:** 100,27 square meter

**Split-screen:** A 70 square meter screen outside for public viewing and a 30 square meter screen inside the trailer for publicity. In both options the customer can choose to unfold the stagefloor.

## TUV-approved

The *JUMBO<sup>100</sup>* was built according to the strictest guidelines for safety. It can resist wind loads till 8 Beaufort. The stage has a load limit of 5kN per square meter.

The *JUMBO<sup>100</sup>* is the biggest outdoor LED display in the world. Besides the 100 square meter screen, it is also equipped with a huge stage. This screen is perfectly suited for events where a fast buildup time is required. eg: Sports, Elections, Horseraces
